

**HAPPY HALLOWEEN**

# The Rogue Raven Tale

A raven is perched on top of a server rack. The server rack is dark and has some glowing orange lights. The background is a dark, stormy sky with green lightning bolts. The overall scene is dark and atmospheric.

'Twas midnight on the server stack,  
I sipped my coffee, eyes half-back.  
Logs were open, alerts galore,  
Then came a caw outside my door.

'Twas late at night, my monitors glowed 🖥️ ✨ ✨  
CI/CD pipelines quietly slowed 🐢

A raven perched on my firewall's edge 🦅🔥  
Scanning logs... and scanning edge 👁️👁️

It whispered threats of ransomware 🦴💾

“Your cloud’s exposed, your backups? Bare!” ⚠️☁️

AI helpers tried to save the day 🤖💥

But only made my scripts go haywire ⚡😬

Moral: Patch, backup, test, repeat 🔄🛡️

Or face the Raven's Halloween feat 🖤🎃

# Avoid Cloud Nightmares
